

MAY LEAVE OUT  
SOUTH JORDANNew Plans Considered For  
Utah Lake Improvement.

## PROJECT NOT TO BE BLOCKED

RECALCITRANTS LIKELY TO BE  
SHUT OUT FROM BENEFITS.

The recalcitrant shareholders of the South Jordan Canal company who are seeking to block the plan for the government improvement of Utah lake may be shut out from all benefits of the enterprise. The general committee of water users has under consideration several plans by which the government could go ahead with the work, leaving the South Jordan people out of the enterprise. A meeting of the executive committee will be held tomorrow to endeavor to agree on one of these plans. The executive committee will meet Thursday to discuss the matter. It is believed some plan of action will be agreed on by which the government can be persuaded to go ahead with the enterprise, and the South Jordan Canal company shareholders opposing the improvement will be forced to get along as best they may without enjoying the benefits of the increased water supply.

Legal action may be necessary to determine what amount shall be apportioned to the South Jordan company. According to the engineers, the average amount the company has received for seven years is fifty-three second feet. This may be fixed as the limit of amount it may receive if the government goes ahead with the improvement, leaving the canal company shareholders out of the enterprise. Colonel E. F. Holmes, chairman of the general committee, said yesterday that the South Jordan company will not be allowed to prevent the carrying out of the enterprise.

## AGRICULTURE IN TROUBLE AGAIN.

He and Fred Harding Are Accused  
of Stealing Hides.

Sam Grice and Fred Harding were arrested yesterday morning by Deputy Sheriff Andrew Smith on a charge of burglary. Fred Harding was apprehended in the act of collecting \$38 from Nathan Nathan, a dealer in hides, who had been stolen from the storehouse of A. M. Goslen at Third South and Fifth West streets. Harding was placed under arrest by Deputy Smith and he and Nathan were taken to Grice's home on Sixth South between Second and Third West to identify Grice as the man who holds the hides to Harding. While the deputy was in the house after Grice, Harding, who was Nathan's charge, made a break for liberty, but was captured after an exciting chase.

They were both finally landed in the county jail and Sheriff Emery says he has a good case against Grice and does not see how he can escape conviction. Fred Harding confessed last night to the officers that he and Grice burglarized the storehouse of A. M. Goslen at Third South and Fifth West streets last week and admitted that they attempted to break into the Metropolitan hotel at Third South and West Temple streets Sunday night.

## EMPTY NOW.

How One Woman Quit Medicine. "While a coffee user my stomach troubled me for years," says a lady of Columbus, O., "and I had to take medicine all the time. I had what I thought was the best stomach medicine I could get; had to keep getting it filled all the time at 40 cents a bottle. I did not know what the cause of my trouble was, but just grugged along from day to day suffering and taking medicine all the time."

"About six months ago I quit tea and coffee and began drinking Postum, and I have not had my prescription filled since, which is a great surprise to me, for it proves that coffee was the cause of my trouble, although I never suspected it."

"When my friends ask me how I feel since I have been taking Postum I say: 'To tell the truth, I don't feel at all like that. I get hungry and eat everything I want and lots of it, and it never hurts me, and I am happy and well contented all the time.'"

"I could not get my family to drink Postum for awhile until I mixed it in a little of coffee and kept on reducing the amount of coffee until I got it all Postum. Now they all like it and they never belch it up like coffee."

"We all know that Postum is a sunshine maker. I find it helps one greatly, for we do not have to think of aches and pains all the time and can use our minds for other things." Name given by Postum Co., Battle Creek, Mich.

"The one who has to bother with coffee aches and pains is badly handicapped in the race for fame and fortune. Postum is a wonderful restorer. There is a reason for it."

## Blood Troubles

Bad blood is the source of numerous aches and pains and the cause of nearly all skin eruptions, long-continued diseases. When the blood gets out of order, disease germs and poisons of various kinds find their way into the circulation and some serious trouble is the result. Rheumatism, Malaria, Old Sores and Ulcers, Scrofula, Anemia, and many pustular or scaly skin eruptions, like Eczema, and only a remedy that enters into the circulation and destroys the germs and poisons, can have any permanent good effect upon a disease of this character.

You can't check a blood disease by any external treatment; the sores and eruptions that appear upon the surface of the body are only manifestations or symptoms of some internal disorder that cannot be reached from the outside. S. S. S. antitoxins the poisons, humors and acids that are the real cause of disease, cleanses and enriches the blood, and builds up at the same time the general health. S. S. S. invigorates all the organs and parts of the system to greater activity, and strong nerves and renewed health is the result. If you have any blood trouble, write us. No charge for medical advice.
